WHOLESALE PRICE LIST

SEASON 1936-1937

November 15, 1936

PLEASE NOTE

All summer prices and other quotations not accepted to date are hereby cancelled.

Prices. All prices herein are strictly net, to the trade only and for goods at our nursery unless otherwise stated. This list means what it says both as to prices and terms and we do not deviate from it.

Terms. To buyers of known or established credit, 60 days from date of invoice. Otherwise cash with order or 25% with order, balance C. O. D.

Quantities. Five or more plants of one kind and size will be supplied at 10 rate; 25 or more at 100 rate; for less than 5 of one kind and size add 20% to 10 rate.

Grading. Plants that are wider than tall are graded by width.

Packing. At cost as usual, including paper pots if used. Plants will be packed to secure lowest possible freight classification consistent with the nature of the goods shipped. Packing free if cash comes with order.

Pots. Prices of pot-grown stock do not include pots and unless otherwise instructed plants will be shipped without them. If wanted in the pots they will be charged for at cost, but may be returned and credit will be given.

Shipping. Our responsibility ceases when goods are delivered to transportation company in good order. They travel at buyer's risk. Please state distinctly whether you wish goods shipped by freight or express and where water shipment is possible be sure to specify by water or rail as you may prefer.

Other Stock. This list covers stock for shipment from our San Jose Nursery. We also act as selling agents for several other growers so shall be glad to have inquiries for any material grown on the Pacific Coast but not listed herein.

Complaints. Must be made within 10 days after buyer receives the goods.

Specimens. Prices herein are for average good plants but selected heavy specimens will be charged for at actual value.

This firm is a member of

CALIFORNIA ASSOCIATION OF NURSERYMEN
CENTRAL CALIFORNIA NURSERYMEN'S ASSOCIATION.

New Items

It is almost unnecessary to say anything about the great importance of keeping up with recent introductions. Retailers will do well to study this list carefully. All are briefly described in this list and if further information is wanted about any of them we will gladly give it on request.

Many of the following are offered this year for the first time. None, we believe, has been offered more than two seasons previous to this.

CONIFERS

CEDRUS *deodara compacta*
CEDRUS *deodara fontinalis*

BROAD LEAVED EVERGREEN TREES

EUCALYPTUS *caesia*
EUCALYPTUS *torquata*

BROAD LEAVED EVERGREEN SHRUBS

ABELIA *floribunda*
ABELIA *schumanni*
ABUTILON *vitifolium*
ASTER *fruticosa*
BOWKERIA *gerrardiana*
BRACHYSEMA *lanceolatum*
BRUNFELSIA *floribunda*
BRUNFELSIA *macrantha*
CALOTHAMNUS *rupestris*
CHIRONIA *linoides*
CISTUS *corbariensis*
CISTUS *ladaniferus maculatus* (true)
CISTUS *purpureus*
CISTUS Silver Pink
CONVOLVULUS *cneorum*
COTONEATSER *bullata*
COTONEASTER *rubens*
CYTISUS Mitchell Brooms
CYTISUS European Hybrids
ESCALLONIA *donardensis*
EUGENIA *smithi*
GREVILLEA *rosmarinifolia*
HELIANTHEMUM *lasianthum*
LAVATERA *olbia*
MYROXYLON *senticosum*
MYRTUS *communis minima*
NERIUM Aunisien
NERIUM Com. Barthelemy
OSMANTHUS *armatus*
PHOTINIA *arbutifolia chrysocarpa*
PHOTINIA *arbutifolia macrocarpa*
PSORALEA *aphylla*
TURRAEA *obtusifolia*
VIBURNUM *utile*

FLOWERING FRUIT TREES

Cherry Daikoku
Peach Blushing Bride

DECIDUOUS TREES

CRATAEGUS *pinnatifida major*
KOELREUTERIA *bipinnata*

DECIDUOUS SHRUBS

BERBERIS *orthobotrys*
BERBERIS *umbellata*
VITEX *macrophylla*
WEIGELA Ideal and Majestueux

CLIMBERS

BILLARDIERA *longiflora*
BOMAREA *caldasiana*
HARDENBERGIA Hardy Violet
JASMINUM *stephanense*
PILEOSTEGIA *viburnoides*
WISTERIA *floribunda longissima alba*
WISTERIA *floribunda Royal Purple*

Scarce Items

The following list includes things of comparatively recent introduction and also items which, due to difficulty of propagation or for other reasons, are always scarce and in good demand.

CONIFERS

ABIES pinsapo glauca
CEDRUS atlantica aurea
CEDRUS deodara aurea
JUNIPERUS squamata meyeri
PICEA glauca conica

BROAD LEAVED EVERGREEN SHRUBS

ABELIA triflora
ACOKANTHERA spectabilis
BORONIA elatior
COTONEASTER apiculata
COTONEASTER horizontalis minor
DAPHNE Rose Queen
ELEAGNUS pungens maculata
ILEX pernyi
MICHELIA fuscata
MURRAEA exotica

DECIDUOUS TREES

FAGUS sylvatica purpurea
LABURNUM vossi

DECIDUOUS SHRUBS

CHAENOMELES—Named Varieties
MAGNOLIA macrophylla
MAGNOLIA soulangeana

CLIMBERS

LONCHOCARPUS sp.
WISTERIA Standards

Lining Out Stock

For your convenience we have assembled this material at the end of this list. Much of it is scarce.

Abbreviations

It is important for buyers to know whether they are getting seedlings or cuttings, etc., so we have shown how every item was propagated using the following abbreviations:

B—budded
C—cuttings

G—grafted
S—seedlings

Conifers

NOTE: A large portion of our conifers are grafted on seedling roots which gives them a far better root system than when grown from cuttings.

Unless otherwise stated all plants in this section will be balled at prices quoted.

		10 rate	100 rate
ABIES cephalonica, GREEK FIR			
3 to 3½ ft. S.....	2.00		
1½ to 2 ft. S.....	1.25		
5 in. pot 1 to 1½ ft. S.....	.45	.40	
concolor, WHITE FIR			
5 in. pot 1 to 1½ ft. S.....	.45	.40	
nordmanniana, NORDMANN FIR			
2 to 2½ ft. S.....	1.75		
1½ to 2 ft. S.....	1.50	1.25	
pinsapo, SPANISH FIR			
Excellent tub plants.			
1½ to 2 ft. S.....	1.75		
15 to 18 in. S.....	1.40		
pinsapo glauca, BLUE SPANISH FIR			
1½ to 2 ft. G.....	1.75		
15 to 18 in. G.....	1.50		
Gal. can 1 to 1½ ft. G.....	.75	.65	
4 in. pot 12 to 15 in. G.....	.55	.50	
CEDRUS atlantica aurea,			
GOLDEN ATLAS CEDAR			
2½ to 3 ft. G.....	1.75		
2 to 2½ ft. G.....	1.50		
atlantica glauca, BLUE ATLAS CEDAR			
8 to 9 ft. G.....	6.00	5.00	
7 to 8 ft. G.....	5.00	4.50	
4 to 5 ft. G.....	2.25		
2½ to 3 ft. G.....	1.60		
deodara, DEODAR			
If you are interested in Deodars from 10 to 20 ft., write for quotations or come to Nursery and see the stock. We have plenty of fine large trees.			
3 to 4 ft. S.....	1.60		
Gal. can 3 to 4 ft. S.....	.55		
4 in. pot 2 to 3 ft. S.....	.35	.30	
4 in. pot 1½ to 2 ft. S.....	.30	.25	
deodara aurea, GOLDEN DEODAR			
3 to 4 ft. G.....	2.00		
2½ to 3 ft. G.....	1.50		
Gal. can 2 to 3 ft. G.....	.80		
4 in. pot 1½ to 2 ft. G.....	.55	.50	
4 in. pot 1 to 1½ ft.45	.40	
deodara compacta, (new) COMPACT DEODAR			
Originated with us and greatly admired by all who have seen it. Compact, erect, very silvery, leader always perfectly straight. Grows much slower than seedling Deodars so far better for ordinary home grounds.			
7 to 8 ft. G.....	4.50		
5 to 6 ft. G.....	3.00		
4 to 5 ft. G.....	2.25		
3 to 4 ft. G.....	1.75		
Gal. can 2 to 3 ft. G.....	.55		
4 in. pot 1½ to 2 ft. G.....	.40	.35	
deodara fontinalis, (new) FOUNTAIN DEODAR			
An astonishing variety of Deodar. Makes a great number of slender flexible shoots which droop into a compact, symmetrical pyramid.			
6 to 7 ft. G.....	3.75		
5 to 6 ft. G.....	3.00		
4 to 5 ft. G.....	2.50		
gal. can 3 to 4 ft. G.....	1.10		
4 in. pot 1½ to 2 ft. G.....	.50	.40	
deodara repandens, WEEPING DEODAR			
Habit strongly weeping or almost prostrate.			
4 in. pot 1 to 1½ ft. G.....	.40	.35	
deodara var., LINCOLN DEODAR			
This is simply a distinguishing name for plants grafted from one tree of an unusually fine type of common Deodar. This insures that all will grow exactly alike and not show the enormous variation found in seedlings.			
4 in. pot 1 to 1½ ft. G.....	.35	.30	

CONIFERS

CEDRUS (continued)

		10 rate	100 rate
<i>libanotica</i> (<i>libani</i>), CEDAR OF LEBANON			
If you are interested in Cedar of Lebanon (or <i>C. atlantica</i>) from 10 to 20 ft., write for quotations or come to Nursery and see the stock. We have plenty of large trees.			
8 to 10 ft. S.....	6.00		
Gal. can 2 to 3 ft. S.....	.60		
<i>libanotica compacta</i> ,			
COMPACT CEDAR OF LEBANON			
4 in. pot 1 to 1½ ft. G.....	.40	.35	
<i>libanotica nana</i> ,			
DWARF CEDAR OF LEBANON			
1 to 1½ ft. G.....	.85		
4 in. pot 8 to 12 in. G.....	.40	.35	
CEPHALOTAXUS <i>pedunculata fastigiata</i> ,			
HARRINGTON PLUM YEW			
1½ to 2 ft. S.....	1.10		
1 to 1½ ft. S.....	.85		
CHAMAECYPARIS <i>lawsoniana</i> ,			
LAWSON CYPRESS			
6 to 8 ft. S.....	3.50		
3 to 4 ft. S.....	1.75		
5 in. pot 4 to 5 ft. S.....	.60	.50	
<i>lawsoniana allumi</i> , SCARAB CYPRESS			
5 to 6 ft. G.....	3.50		
4 to 5 ft. G.....	2.25		
4 in. pot 1½ to 2 ft. G.....	.45	.40	
<i>lawsoniana fletcheri</i>			
4 in. pot 1 to 1½ ft. G.....	.45	.40	
<i>lawsoniana minima</i>			
4 in. pot 6 to 8 in. G.....	.50		
<i>lawsoniana nidiformis</i> , BIRDNEST CYPRESS			
3 to 4 ft. G.....	2.00	1.75	
2½ to 3 ft. G.....	1.65	1.50	
Gal. can 1 to 1½ ft. G.....	.55		
<i>lawsoniana wisseli</i> , WISSEL CYPRESS			
4 in. pot 1 to 1½ ft. G.....	.40	.35	
<i>neotkatensis glauca</i> ,			
SILVER NOOTKA CYPRESS			
Growth erect and branching. Foliage silvery.			
6 to 7 ft. G.....	4.00		
5 to 6 ft. G.....	3.50		
<i>obtusa crippsii</i>			
2 to 2½ ft. G.....	1.50		
4 in. pot 1 to 1½ ft. G.....	.60	.50	
CUPRESSUS <i>glabra stricta</i>			
4 in. pot 1½ to 2 ft. G.....	.40	.35	
<i>macrocarpa lutea</i> ,			
GOLDEN MONTEREY CYPRESS			
gal. can 4 to 5 ft. G.....	.85		
4 in. pot 1½ to 2 ft. G.....	.40		
JUNIPERUS <i>chinensis albovariegata</i> ,			
WHITELEAF CHINESE JUNIPER			
4 to 5 ft. G.....	2.00	1.75	
3 to 4 ft. G.....	1.75	1.50	
gal. can 1 to 1½ ft. G.....	.40	.35	
<i>chinensis columnaris</i> ,			
COLUMNAR CHINESE JUNIPER			
8 to 10 ft. G.....	5.00	4.00	
6 to 8 ft. G.....	3.50	3.00	
Gal. can 1½ to 2 ft. G.....	.55		
<i>chinensis torulosa</i> , HOLLYWOOD JUNIPER			
7 to 8 ft. G.....	4.50		
5 to 6 ft. G.....	3.00		
4 to 5 ft. G.....	2.25	2.00	
Gal. can 2 to 3 ft. G.....	.85		
Gal. can 1½ to 2 ft. G.....	.60		
Gal. can 1 to 1½ ft. G.....	.50	.45	
<i>conferta</i> , SHORE JUNIPER			
2½ to 3 ft. C & G.....	1.75		
1½ to 2 ft C & G.....	1.00		
15 to 18 in. C & G.....	.85	.75	
4 in. pot 6 to 8 in. C & G.....	.40	.35	

CONIFERS

JUNIPERUS (continued)

<i>japonica</i> (<i>J. chinensis procumbens</i>),	10	100
JAPANESE CREEPING JUNIPER	rate	rate

gal. can 1 to 1½ ft. C..... .40

.35

japonica albovariegata

A variety of Chinese Creeping Juniper with white variegation. Scarce.

1½ to 2 ft. G..... 1.35

japonica aureovariegata

A variety of Chinese Creeping Juniper with yellow variegation. Scarce.

1½ to 2 ft. G..... 1.35

squamata meyeri, MEYER JUNIPER

Growth low, slow and irregular. Ideal for rockeries, pools and Japanese Gardens. Foliage intense silvery blue. Among the best novelties in years. Very scarce.

2½ to 3 ft. G..... 1.65

1.50

2 to 2½ ft. G..... 1.35

Abelia Floribunda

RED ABELIA

Habit spreading with erect shoots; maximum height probably not over 4 ft., leaves evergreen, small and handsome; flowers enormous compared with other Abelias, trumpet-shaped and from 1½ to 2 inches long (illustration is slightly less than natural size); color bright rose red.

Bears an unbelievable profusion of bloom and well deserves the name "floribunda."

Experience has shown that it prefers moisture and shade and probably will not thrive well in hot dry climates except when given plenty of shade and water.

As yet we are unable to say how much cold it will stand but believe it will be nearly if not quite as hardy as other Abelias.

Where conditions are specially favorable it blooms continuously. One good specimen in San Francisco has never been without flowers for the last two years.

Owing to success in propagation we now have a large stock so are able to quote prices considerably lower than last year.

Broad Leaved Evergreen Shrubs

Unless otherwise stated all plants in this section will be balled at prices quoted.

		10 rate	100 rate
ABELIA schumannii, PINK ABELIA			
Unusually fine thing. Arching branches are covered all summer with showy lavender-pink flowers, larger than those of common <i>A. grandiflora</i> .			
4 in. pot 8 to 12 in. C.....	.30		.25
triflora, FRAGRANT ABELIA			
This little known <i>Abelia</i> is of slender, erect (later arching) growth. It bears terminal clusters of long white, very fragrant flowers.			
4 in. pot 1½ to 2 ft. C.....	.35		.30
ABUTILON vitifolium (new)			
Shrub of rapid growth. Bears a heavy crop of large bell-shaped blue flowers.			
2½ in. pot 4 to 6 in. S.....	.15		.12
ACOKANTHERA spectabilis, WINTER-SWEET			
2½ in. pot 4 to 6 in. S.....	.25		.20
ARBUTUS unedo, STRAWBERRY-TREE			
5 to 6 ft. S.....	2.50		
ASTER fruticosa (new)			
Dainty shrub attaining about 3 ft. Bears masses of pinkish lavender flowers in late spring and early summer. Very fine thing.			
4 in. pot 8 to 12 in. S.....	.30		.25
AUCUBA japonica variegata, GOLDUST AUCUBA (female)			
5 gal. can 1½ to 2 ft. C.....	.85

2½ in. pot C.....	.20		.18

BROAD LEAVED EVERGREEN SHRUBS

		10 rate	100 rate
BRUNFELSIA floribunda (B. calycina)			
Among the best novelties in years. Shrub of erect, slow growth with foliage about like California Privet. Flowers about the size and shape of Vinca, open deep violet and last about a week. They gradually change to pure white and as the color lightens, the rich fragrance is intensified. It has a tremendous spring crop of flowers and scattering the rest of the year except in mid-winter. The presence of violet, lavender and white flowers at the same time adds to the striking effect.

4 in. pot 8 to 12 in. C.....	.55		.50
COLEONEMA pulchrum, PINK DIOSMA			
Gal. can 1½ to 2 ft. C.....	.55		
4 in. pot 8 to 12 in. C.....	.30		.25
CONVOLVULUS cneorum (new)			
Small shrub valued mainly for its strikingly beautiful foliage, green overlaid with silver. Flowers white with yellow eye.			
4 in. pot C.....	.40		.35
2½ in. pot C.....	.18		.15
COTONEASTER apiculata, CRANBERRY COTONEASTER			
Growth semi-prostrate. Berries largest of all; brilliant red in greatest profusion. Hardy East.			
4 in. pot 8 to 12 in. G.....	.35		.30
buxifolia vellea			
(called C. pannosa nana)			
4 in. pot 1½ to 2 ft. C.....	.35		.30
4 in. pot 1 to 1½ ft. C.....	.30		.25
bullata (new)			
Has large rough leaves and plenty of red berries in good sized clusters. Probably deciduous or nearly so.			
5 in. pot 1 to 1½ ft. G.....	.45		
3 in. pot 1½ to 2 ft. S.....	.30		.25
decora, NECKLACE COTONEASTER			
Foliage identical with Lonicera nitida. Low and spreading. Evergreen. Berries red and strung along the branches like beads in a necklace. Easily the best of the prostrate types. Astonishingly productive.			
3 to 4 ft. S.....	1.75		
4 in. pot 8 to 12 in. G.....	.30		.25

scoparius andreanus, PARADISE BROOM			
4 in. pot 8 to 12 in. G.....	.35	.30	
MITCHELL HYBRID BROOMS			
Last season we introduced the following set of 5 Hybrid Brooms originated and named by Sydney B. Mitchell, the well known horticultural writer. All but one were sold out before Price List 3536 was issued. At present we can offer the full set but they probably will soon be sold.			
4 in. pot G.....	.45	.40	
California. Standards rosy white; wings rose; keel yellow. Growth medium.			
Pomona. Standards yellow; wings amber orange; keel yellow. Very vigorous. Early. Took the grand prize at Oakland Garden Show, Spring, 1936.			
San Francisco. Standards rosy red; wings same. General effect is red. Growth moderate. Blooms over a long period.			
St. Mary's. Large pure white flowers. Habit spreading.			
Stanford. Standards light bronze yellow; wings bright orange red; keel golden yellow. Flowers very large. Growth erect. Late.			
EUROPEAN HYBRID BROOMS			
The following fancy colored Brooms are recent European developments imported under government permit. All are grafted and heights will vary according to growth.			
Burkwoodi. Standards solid red; wings bronze red; keel pinkish. Only yellow is at tips of keel and wings. Blooms young and freely. Erect and vigorous.			
4 in. pot G.....	.75		
Lord Lambourne. Standards yellow tipped pink; wings crimson. Grows slowly.			
4 in. pot G.....	.45	.40	
Maria Burkwood. Standards red on back, creamy rose on face; wings bronze red outside, cream within; keel creamy yellow. Flowers very large and come early. Growth spreading.			
4 in. pot G.....	1.00		
(N. B. Burkwoodi and Maria Burkwood are now offered for the first time.)

PYRACANTHA (continued)			
<i>formosana splendens</i> , SPLENDID FIRETHORN			
This remarkable variety originated with us. In freedom of production it far surpasses any other Pyracantha or Cotoneaster. The berries are very large, rich red, highly glossy and borne in astounding profusion. We regard it as by far the best red berried plant grown.			
5 gal. can 4 to 5 ft. C & G.....	1.50		
5 gal. can 3 to 4 ft. C & G.....	1.10		
gal. can 3 to 4 ft. C & G.....	.85	.75

4 in. pot 6 to 8	in. G.....		.60	

Roses

We grow bush and climbing roses extensively, but advance orders have been so heavy that we do not wish to make further sales until orders on hand have been filled. We will then issue new list of what is still available. If interested ask for copy. As for Standard Roses we are so nearly sold out that it doesn't seem worth while to list them, although we can still supply No. 1 grade in a few of the best kinds at 10 rate of \$1.15. Either leave assortment to us or specify colors only. We grow only the finest varieties.

Flowering Fruit Trees

All plants in this section will be dug "bare roots" unless otherwise stated. Our Almonds, Apricots, Cherries, Peaches and Plums are grown outside the Peach Root Borer district so can be shipped anywhere.

Lilacs

Named Varieties

We have tested about 150 varieties and have gradually eliminated all but the very best sorts. All are grown by budding and as we pinch them when only a few inches tall they are all well branched and practically all bloom from first season on.

Sizes available for each variety are indicated by letters A, B, C, etc., following names in variety list below.

RECENT VARIETIES

E 2 to 3 ft.	.85
F 1½ to 2 ft.	.70
G 1 to 1½ ft.	.55
H 8 to 12 in.	.40

Lucie Baltet, single. Said to be the nearest to pure pink. Buds purplish, open pink. A very beautiful variety. FGH

Pres. Lincoln, single. Buds purple-lilac opening to wedge-wood blue. Some judges consider this the finest of all lilacs and certainly the best to date. EFGH

Sunol, double. Buds purple; open flowers blue-lilac. Hose-in-hose type flower with strong lilac fragrance (This is a provisional name for an unidentified variety. One of the finest doubles we have ever seen.) FGH

Vesuve, single. Probably the darkest of all lilacs. Slow grower. H

GENERAL COLLECTION

A 6 to 7 ft.	3.00 up
B 5 to 6 ft.	2.50 up
C 4 to 5 ft.	1.50
D 3 to 4 ft.	1.00
E 2 to 3 ft.	.75
F 1½ to 2 ft.	.55
G 1 to 1½ ft.	.40
H 8 to 12 in.	.35

	3 in. pot 1½ to 2 ft. S.....	.30	
LONCHOCARPUS sp., FORMOSA WISTERIA	This is one of the so called Evergreen Wisterias. Foliage deep green and entirely evergreen. Flowers very deep purple, borne in great profusion in fall until stopped by frost. Can be grown as a climber or in bush form. The latter shows the flowers to best advantage.		
	gal. can 1 to 1½ ft. G.....	.85	
PANDOREA australis (Tecoma australis)	4 in. pot 1½ to 2 ft. C.....	.30	.25
PHASEOLUS caracalla , SNAIL BEAN	4 in. pot 2 to 3 ft. S.....	.40	
PILEOSTEGIA viburnoides (new)	Excellent evergreen climber for shady location. Leaves like English Laurel; flowers white in large loose umbels in late summer. Excellent.		
	gal. can 1½ to 2 ft. C.....	.75	
TRACHELOSPERMUM jasminoides , (RHYNCHOSPERMUM jasminoides),	gal. can 1 to 1½ ft. C.....	:55	.50
	4 in. pot 4 to 6 in. C.....	.25	

Grafted Wisterias

Our grafted Wisterias are grown one year in beds, then transplanted to rows. Age is reckoned in the rows so they are really a year older than specified.

We grow our Wisterias for blooming qualities, not for a mass of useless wood. For this reason most of them start blooming at once.

NOVELTIES

	10 rate	100 rate
floribunda longissima alba Flowers pure white in clusters up to 2½ ft. long. 1 year \$1.25 each		

floribunda Royal Purple

The best new Wisteria we have seen in years. Of the Japanese type and has the deepest purple flowers of all the single Wisterias, borne in well filled clusters of moderate length. Very precocious, blooming almost as young as Chinese. Offered now for first time in this country.

from beds, selected \$1.50 each

SPECIAL LIST

3 year	1.65	1.50
2 year	1.25	1.00
1 year85	.75

Figures after varieties show ages available.

floribunda Kyushaku 1 & 3

Imported under government permit. In Japan the clusters are said to attain 4 ft. or more which is verified by photographs.

venusta violacea 1 year only.

Also imported. Excepting Royal Purple this is the deepest colored of the Japanese Wisterias. Blooms very young. First class.

sinensis Jako 1, 2 & 3

Also imported. Flowers pure white and very fragrant. Not very different from W. sinensis alba.

sinensis nankinensis, MINIATURE WISTERIA 1, 2 & 3

Also imported. Has very small leaves and so dwarf that it scarcely climbs. Has not flowered with us as yet.

venusta violacea 1 year only.

The purple counterpart of W. venusta alba. Much like Chinese in color but has light and dark petals giving it a slightly mottled appearance. A tremendous bloomer with large flowers on long stems.

GENERAL LIST

4 year	2.25	
3 year	1.35	1.25
2 year85	.75
1 year60	.50

Figures after varieties show ages available.

floribunda (W. multijuga) 1 & 3

JAPANESE WISTERIA

All Wisterias of Japanese type are now referred to as W. floribunda instead of W. multijuga as heretofore.

floribunda alba 1 year only

WHITE JAPANESE WISTERIA

floribunda carneae 1, 2, 3 & 4

BENI FUJI

Soft flesh pink, much lighter than W. floribunda rosea.

floribunda longissima 1, 2 & 3

EXTRA LONG JAPANESE WISTERIA

Introduced by us about ten years ago and now widely known. Clusters on well established plants attain 4 feet and even more.

floribunda rosea 1, 2, 3 & 4

PINK JAPANESE WISTERIA

This variety is genuinely pink. Beware of inferior strains. All our propagation is from our own blooming plants which bear beautiful pink flowers in long clusters.

floribunda violacea plena 1, 3 & 4

DOUBLE VIOLET WISTERIA

CLIMBERS

		10 rate	100 rate
WISTERIA (continued)			
sinensis, CHINESE WISTERIA 1 & 3			
The old favorite. Lavender flowers in spring; purple flowers in midsummer.			
sinensis alba 1 year only			
WHITE CHINESE WISTERIA			
venusta alba 1 year only			
SILKY WHITE WISTERIA			
Flowers very large, chalk white, fragrant. Clusters short and broad.			
sp. Mrs. McCullagh 1, 2 & 3			
A rare and beautiful variety of uncertain species. Flowers large purple in compact clus- ters. The wood is very short-jointed making this very desirable where space is limited.			

STANDARD WISTERIAS

A splendid novelty we recently put on the market. Stems are about 4½ to 5 ft. tall.

The "heavy" stock consists of strong plants several years old.

The "regular" stock has strong stems and well developed heads.

The "light" stock is simply a start in the right direction but with stem of full height and head commencing to form.

NOVELTY

Royal Purple (new; described above)

Stock To Grow On

Everything offered below is high grade material which we have grown primarily for our own use but of which we have more than we need for our own planting.

QUANTITY RATES. Not less than 5 of a kind and size will be booked. 25 or more of one kind and size will take 100 rates; less take 10 rates.

SHIPPING. Please state whether you want goods sent by freight, express or truck line. If you do not want immediate shipment please give an approximate date.

PACKING. Free in lieu of cash discount if remittance in full accompanies order; otherwise at cost.

ABBREVIATIONS: G means grafted; C cuttings; S seedlings; 2½p etc. means of course from 2½ inch etc. pots.

CONIFERS (grafted)

Good conifers are already getting scarce and soon will be painfully so. Now is the time to plant the fine material offered below.

Please note that all items offered from 4 in. pots have been grown at least a full year since they were grafted in 2½ in. pots so are ready to go to the field.

“ monophylla rosea (S), 2½p 1-1½ ft.	12c	10c

Bird's IMPROVED NEPONSET Flower Pots

We are agents for Bird & Son's famous Neponset Paper Pots. The green pots, now greatly improved, are used for growing and the red (same as we use ourselves) for shipping.

Prices on green pots are at factory in Mass. Freight via Panama Canal is slight.

Prices on red pots include freight to any point in U. S. A. if ordered for shipment direct from factory. Otherwise f. o. b. San Jose. All prices are for unbroken case lots.

Size	Quantity per case	Weight per case	Price per 1000	
			Green	Red
2 inch	1000	14 lbs.	\$ 4.95	\$ 3.65
2 1/2 inch	1000	22 lbs.	5.50	4.10
3 inch	1000	28 lbs.	6.45	5.10
4 inch	500	26 lbs.	10.20	8.00
5 inch	500	44 lbs.	14.80	10.50
6 inch	500	62 lbs.	19.80	14.00
